Portal Profile - Therapist

There is a one-time set-up in the Portal that is required for therapists in the Portal. This information is entered into the therapist's profile and is used for entering log notes and creating digital speech recommendations (for SLPs).

Therapists (My Account>My Profile)

- Enter Therapist's Name
- Enter NPI & License Information
- Enter Provider contact information including complete address and phone number
- Complete the Signature Field

Signature Title and Credentials must be entered

Pin # must be set up

Portal Profiles – Billing Provider

There is a one-time set-up in the Portal that is required for agencies/independent providers in the Portal. The information entered into this billing profile is used for auto filling the therapist's contact information into digital speech recommendations.

- **Billing Provider*** (My Account>Billing Provider Profile)

- Enter your complete Billing Address (street, city, state, zip)
- Enter your Billing Phone Number (including area code)

The screenshot shows a web form titled "Billing Provider Profile" with two tabs: "Provider Info" and "User Information". The "Provider Info" tab is active. The form contains the following fields: "Billing Provider Name", "Billing Address Address 1", "Billing Address Address 2", "City", "State" (with "NY" selected), "Zip", and "Phone Number". A blue "Update" button is located at the bottom of the form. Red boxes highlight the Name, Address 1, Address 2, City, State, Zip, and Phone Number fields, and the Update button. A red arrow points from the text "Billing Provider*" in the list above to the "Name" field.

* [If you are a therapist that has an independent vendor contract with the County and bill the County directly, you are a billing provider. If you are a therapist employed by an agency, then the agency is the billing provider.]

Center-Based Related Service Billing

- ❑ The County must incur a cost for a Medicaid related service/evaluation in order to bill Medicaid.
- ❑ Since the cost of all Center-Based Related Services (CBRS) are included in the center-based tuition, the CBRS services (OT/PT/ST) must be vouchered separately through the Portal so Medicaid can be billed for these therapy sessions. The CBRS voucher should be completed at the same time as the center-based program.
- ❑ McGuinness will notify you if the CBRS billing is not completed/submitted in the Portal when the tuition program is vouchered.

Children & Enrollments

Creating “Unmatched Children & Enrollments”

- ❑ Service providers must maintain contemporaneous records. The child’s official enrollment is not always entered into the Portal prior to the child’s first session.
- ❑ There is a process in the Portal where a therapist can create an “unmatched child/enrollment” so session notes and prescriptions can be entered contemporaneously.
- ❑ These temporary placeholder enrollments will need to be matched to the official county record by the agency/provider. During this “matching” process all notes/documentation will move from the unmatched/temporary record to the official record and the temporary/unmatched record will be deleted.
- ❑ When unmatched enrollments are entered, please make sure a separate enrollment is created for each service line on the IEP and the enrollment matches the IEP mandate.
- ❑ The agency/provider should complete the matching process routinely.
- ❑ This process is detailed on Page 2 of the ***New Implementation Guide for Providers***.

Session Notes – Contemporaneous Signing

From the Medicaid Questions & Answers

Question #100:

What is the suggested time frame for completing contemporaneous session notes?

Answer:

“Contemporaneous” means occurring at or about the same period of time. Sessions should be documented as close to the conclusion of the session as practicable. [December 13, 2010]

Session Notes – Contemporaneous Signing (Continued)

From the Medicaid Questions & Answers

Question #25:

What must be included in a session note?

Answer:

Session notes must include:

- *Student's name*
- *Specific type of service provided*
- *Whether the service was provided individually or in a group (Specifically actual group size)*
- *The setting in which the service was rendered (school, clinic, other)*
- *Date and time the service was rendered*
- *Brief description of the students' progress made by receiving the service during the session*
- *Name, title, signature and credentials of the person furnishing the service*
- *Dated signature and credentials of supervising clinician as appropriate (signature date must be within **45 days of the date of service**).*

Credential Verification

- ❑ All licensed therapists “must” verify their credentials through the CPSE Portal before billing can be submitted.
- ❑ All licensed therapists “must” have an NPI number to bill through the Portal – even if they work under the direction of a supervising clinician.
- ❑ There is no cost to apply for an NPI number and usually takes 7-10 days. Applicants can use the following website to apply.
<https://nppes.cms.hhs.gov/NPPES>

UNDER THE DIRECTION OF (UDO)

- ❑ To be Medicaid reimbursable, clinicians furnishing services must possess certain qualifications including NYS licensure, registration or certification as appropriate.
- ❑ For SSHSP purposes the UDO requirements apply to TSHH, TSSLD, CFY, PTA, OTA & COTA.
- ❑ UDO documentation must be completed and sent to the County that delineates that the **supervising clinician** has met with the **servicing provider** at the beginning of the service period. Until this meeting has occurred, Medicaid claiming will be disallowed. The initial meeting between the supervising and servicing provider is known as the Initial Face-to-Face visit.
- ❑ Any “provided sessions” that occur between the student and the servicing provider **prior** to the initial face-to-face visit should be marked as “**Not Medicaid-Eligible**” when the servicing provider completes their treatment logs in the Portal. The supervising provider should check to ensure that these sessions are marked as “**Not Medicaid-Eligible**” before co-signing.

CPSE Portal Knowledge Base For Medicaid

- ❑ As you may already know, you can find tutorials, articles and webinars in the CPSE Portal Knowledge Base.
- ❑ We have put all the Knowledge Base Links that are related to Medicaid into a table for quick reference, which you should have received as an attachment with the email from the County.
- ❑ The table of Knowledge Base Medicaid links can also be accessed using this link:

CPSE PORTAL MEDICAID KNOWLEDGE BASE

Listed below is a list of CPSE Portal Knowledge Base Articles and Webinars that will assist providers/agencies with Medicaid responsibilities. The articles/webinars are categorized as noted in the table below. Links for each of these articles follow this table.

Knowledge Base Articles/Webinars	Description
Children & Enrollments	Therapists and agencies will use these articles to set up and manage temporary enrollments that are created by the therapist or agency. These temporary enrollments will be subsequently matched by the agency so that children can be serviced contemporaneously prior to the creation of the "official" enrollment.
Credential Verification & How to Apply for an NPI #.	In order to be compliant with Medicaid requirements, we need to make sure that therapists are up to date with their credentials. These articles will assist therapists and agencies as well as Portal users without a CPSE Portal login to manage their license and NPI information. Credentials must be verified before billing can be submitted in the Portal.
Lookup	Articles under Lookup will give you information regarding children, enrollments, CPT/ICD, etc.
Medicaid New Implementation Guide (for providers)	This guide will help providers understand the requirements of Full-Service Medicaid with McGuinness.
Medicaid Compliance	We have put together many articles and webinars to help agencies and providers with Medicaid compliance. You will find the following items under this category: <ul style="list-style-type: none"> a webinar and PowerPoint Presentation on Medicaid-Compliant Written Orders, a prescription checklist detailing the valid verses invalid way to complete a Medicaid prescription, a blank Medicaid-compliant prescription template and sample prescription template, and, links to the Medicaid Provider Policy & Billing Handbook and the Medicaid Questions and Answers. <p>These resources will be very helpful with your Medicaid-related responsibilities.</p>
Medicaid Reports (for Documentation)	These reports will help you to determine the documentation that is "missing" (consents, prescriptions, IEPs) and as a result preventing Medicaid claiming.
Prescriptions	There are many articles related to prescriptions. You will find the following under this category: <ul style="list-style-type: none"> "How To" Articles, Articles that will help you with Medicaid compliance as it relates to prescriptions/verifications and, Troubleshooting

One Drive – Secure File Storage

- ❑ One Drive is a secure file storage service that offers a simple way to store, sync and share various types of files with other people using any web browser from your computer, tablet or phone.
- ❑ McGuinness will use One Drive to send protected information so we can use the child's name and demographic information while staying compliant with HIPAA and FERPA.
- ❑ Any protected information will be sent to you using a secure link that will be delivered via email.
- ❑ You will most often receive lists for outstanding documentation through One Drive. The list will be delivered in an Excel-type spreadsheet as shown below.

QUESTIONS?

At this point, we will answer any questions that have come in regarding what was previously covered.

Document Verification

What is required?

- In order to bill Medicaid, the County/McGuinness must have the following documentation, which will be uploaded by the provider to the Portal.
 - 1) An **Individual Education Plan** (IEP) for each Medicaid related service enrollment (ESID) in the Portal
 - 2) A signed/dated Medicaid-Compliant **Prescription**

Document Verification Individual Education Plan (IEP)

- IEPs are not verified in their entirety as one document. Each service line on the IEP must be matched to a coordinating Portal enrollment (ESID) before it can be verified. *(It is important that the Portal enrollments match each service line on the IEP.)*

Document Verification

Individual Education Plan (IEP) - Continued

- ❑ If the Portal enrollment and the IEP do not match “exactly” that particular Portal enrollment (ESID) will not be verified for Medicaid claiming.

- ❑ The following information will be reviewed during the verification process:
 - ✓ Child’s name
 - ✓ Child’s date of birth
 - ✓ Child’s school district
 - ✓ Each service line (mandate) on the IEP should have a Portal enrollment where the **service, service dates, service frequency/duration and service setting (I/G) match.**
 - ✓ Each Medicaid-eligible related service enrollment (ESID) must have an IEP with a matching mandate that is uploaded to the Portal.

Document Verification Prescription

- ❑ The agency or therapist will be responsible for obtaining and uploading the prescription/speech recommendation.
- ❑ It is important to note that the therapist/agency **must have a copy of the prescription “in hand”** before providing the service. The district will not be uploading the prescription.

Document Verification Prescription - Continued

❑ What is McGuinness looking for when they verify a prescription?

The Medicaid Provider Policy & Billing Handbook (page 21) lists (8) eight elements that are required on a Medicaid prescription.

1. The complete **name** of the child
2. The **complete date** the order was written and **signed** (MM/DD/YY)
3. The **service(s)** being ordered (OT/PT/ST)
Frequency/duration of the ordered service must be either **specified on the order itself** (2x30 l)
**** OR ****
The order can explicitly **adopt the frequency/duration of the service by IEP reference** (As per IEP)
4. Ordering **provider's contact information** (Street, City, State, Zip, Phone – Including Area Code.)
5. **Signature** of the ordering practitioner (Stamps are not permitted; including computer-generated signatures)
6. The **time period** for which the services are being ordered (Specific Dates 7/1/xx-6/30/xx **-or-** School Year 2020-2021)
7. The ordering practitioners **NPI and/or license number**
8. Patient **diagnosis** and/or reason/need for ordered service(s) (ICD Code)

Document Verification Prescription - Continued

When is a new prescription required?

The Medicaid Provider Policy & Billing Handbook (page 22), [Life of a Written Order](#), describes when a new prescription is required.

- ✓ New Referrals (Newly-identified students)
- ✓ Each IEP period (Annual Review)
- ✓ Change of Service (frequency/duration/I-G – *even for a decrease in service*)
- ✓ Child transfers to another school district

***New Referrals *Annual Review *Change in Services *Transfer * Re-Eval Meeting**

The Portal Knowledge Base has a Medicaid-compliant customizable prescription template for providers. (<http://support.cpseportal.com/kb/a172/medicaid-compliant-prescription-template.aspx>)

Non-Compliant & Outstanding Medicaid Documentation

- ❑ **Non-Compliant Documentation:** If uploaded documentation does not meet Medicaid requirements, your agency will receive notification from McGuinness regarding what is required to ensure Medicaid claiming.
- ❑ **Outstanding Documentation:** Several times throughout the school year you will be contacted by McGuinness with a request for “missing” documentation that is required for claiming. Please respond to this notification at your earliest convenience to ensure that Medicaid claims are processed within the limited claiming window.

** Uploading Medicaid Documentation **

- ❑ Providers will be expected to upload IEPs and prescriptions to the Portal so McGuinness can verify that all the requirements are in place for Medicaid claiming. A simple upload process will be followed for each document type (*IEPs & Prescriptions*).
- ❑ **IMPORTANT:** Dutchess County will be expecting providers to upload Medicaid documentation back to 7/1/20 (Summer Session).
- ❑ Let's take a look at what each upload process looks like.

How to Upload an IEP

Before an IEP can be uploaded, it must be scanned to your computer (desktop).

Go to Medicaid>IEP Maintenance

1. Type in the Name of the Child>SEARCH>Click SELECT

A screenshot of a web application interface. At the top left, the text 'IEP Maintenance' is enclosed in a red box. Below it is a search form with a text input field containing '1. Type in Last Name' and a 'Search' button, both highlighted with red boxes. To the right of the search field is a link '[Show Advanced Search options]'. Below the search form is a table with columns: 'Child Number', 'Last Name', 'First Name', 'DOB', 'CIN', 'District', and 'County'. The first row of data has 'C6600009' in the 'Child Number' column and '9/22/2014' in the 'DOB' column. A 'Select' button is highlighted with a red box in the first column of the table.

TROUBLESHOOTING (Prescription Uploading)

- ❑ The following issues will prevent you from completing your prescription successfully.
 - ✓ Prescription Entry Details were not completed and/or saved (Preview/Save & Done).
 - ✓ The enrollment that applies to the Rx was not selected on the Prescription Entry Details Screen.
 - ✓ Prescription Image was not uploaded or was uploaded and not attached to the Prescription Details Screen.
 - ✓ The Eligible Orders on the Image Details Screen was not selected.
 - ✓ The correct school year was not selected so the correct ESID # is not associated with the prescription.
 - ✓ The prescription was invalidated because one of the eight mandated criteria did not meet Medicaid requirements. As a result, billing cannot move forward.
 - ✓ All the items noted above will result in the following error message,
“Details of Prescription/order not entered for enrollment.”

Questions?

We will answer any questions regarding uploading documentation.

Additional Webinars – Save the Date

- Our next webinar training will focus on uploading documentation, adding temporary enrollments and running reports that will show you what documents are “missing” and required for claiming. We will show you these features using the Portal Training Database so we can walk you through these processes “live.”

This presentation is scheduled for **Tuesday, September 22nd at 2:30** and again on **Thursday, September 24th at 10:30**. Save the date.

- In November we will be hosting two additional webinars, which will assist you with the upcoming annual review period.
 1. Digital Speech Recommendations (for SLPs)
 2. Medicaid-Compliant Written Orders

Someone from the County will be sending out the registration links for these presentations.
