SUPERVISION (UDO/USO/PRE-LICENSE)

8/7/2025 - 8/8/2025

Questions & Answers

Q	Is there a specific date that UDO documents need to be uploaded?
A	Directly following the initial face-to-face meeting date at the start of both the ESY and 10-month sessions and quarterly thereafter during the 10-month session. Most counties give providers two weeks at the start of each session to complete their face-to-face meetings.
Q	Agencies are not receiving Form 6.
A	At some point Form 6 should be sent to the CFY. The CFY should provide a copy of Form 6 to the agency and their clinical supervisor. If the CFY does not receive the Form 6, SED should be contacted. If Form 6 is not uploaded to the Portal and the county is audited for the CFY's enrollment, the county will face a penalty for billing Medicaid without the proper documentation.
