DIGITAL SPEECH RECOMMENDATIONS

January 18, 2023 – 10:00 & 3:30

Questions & Answers

Q	Timing of the Speech Recommendation: Medicaid Q & A #94 states that an SLP must see the child before writing the prescription. If the SLP
	completes the evaluation, does the SLP have to wait until the first session with the child to complete the prescription?
Α	No. If the SLP has seen the child previously or completed the child's evaluation, the SLP is familiar with the child and can write the
	prescription prior to the first session with the child.
