Review of Credential Verification

What is Credential Verification?

- * A simple process to verify that the information about a Licensed Professional (OT, PT, SLP, OTA, PTA, LMSW, LCSW, etc.) is correctly entered in CPSE Portal.
- * The individual's information that needs to be verified:
 - * First Name, Last Name & Signature
 - * Profession (OT, PT, SLP,),
 - * License #,
 - * Date of Licensure,
 - * Date Registered Through
 - * NPI #

Credential Verification

- * All providers licensed through the New York State Office of the Professions (Occupational Therapists, Physical Therapists, Licensed Clinical Social Workers, etc.) will need to have their credentials verified.
- * Verification means that you will need to review what is on file with the Office of Professions and the NPI Registry to ensure that the information in the Portal is correct and attest that the information is correct.

Credential Verification by Service Provider

- * A service provider will log into the Portal, and see “REQUIRES VERIFICATION”.
- * They will then need to Verify their credentials.

Creating Vouchers

What is an ESID

- * ESID is the abbreviation for Electronic Service ID number. It is the number that identifies the child and the child's particular enrollment in the Portal.
- * The CPSE Portal gives each County created enrollment a unique identifier called the ESID. This is how we reference enrollments.
- * In order to be in compliance with HIPAA you should reference all preschool children by their ESID #, not their name. If you need to contact the help desk, you should **ALWAYS** reference the child's ESID #, and **NOT** the child's name.

Voucher Terminology

* **Create Voucher:**

- * The first step in creating a voucher is to enter its important information, including specifying the billing criteria that the voucher will contain (which county, enrollment type, and school year session).

* **Voucher Info:**

- * Clicking the "Info" button will bring up the same screen as the "Create Voucher" button, but with the voucher's information pre-entered for you allowing you to edit some information.

* **Voucher Details:**

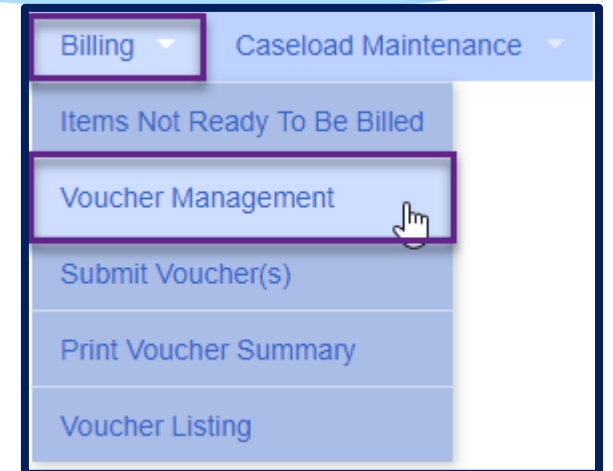

- * This screen is used to add new monthly billing items (and their corresponding attendances) to a voucher, you use this screen. On the left are monthly items that are ready for billing, but not on any voucher yet. On the right are monthly items currently on this voucher. Note: Attendances won't be shown in the "Unassigned" grid until they are signed or co-signed, if applicable. Check which items you would like to move, then click either "Assign" or "Unassign", depending on what action you would like to take. The "Amount Billed" will update accordingly. These changes do not take effect until you click "Save".

* **Recalculation:**

- * This screen introduces a concept known as recalculation of billing items. You can recalculate pending vouchers individually, or all of them at once. The recalculation process determines monthly billing amounts for any enrollments that match the criteria for the voucher contents. These billing items are summarized to a single item for the month. NOTE: Attendances must go through the recalculation and summarizing in order to be added to vouchers. It will also add any new attendances to a voucher if the enrollment month is already on the voucher.

Creating a Voucher

- * When ready to bill, you will need to create your voucher.
- * Go to **Billing -> Voucher Management**
- * Click “Create Voucher”

Creating a Voucher

- * If you would like the system to automatically assign matches of the chosen criteria, check “Assign Matching Sessions”
- * This can be used in place of choosing each individually.
- * These may be unassigned if you do not wish to apply, this is just to skip a step in assigning attendances to a Voucher.
- * The description is how you can identify the voucher (I.E. – May 2021 ST)
- * Authorized Claimant – this is your name.
- * Claimant Title – title of claimant
- * Click Save and Return to Management

The screenshot shows a web form for creating a voucher. It includes the following fields and controls:

- Description:** A large text input field.
- Authorized Claimant:** A text input field.
- Claimant Title:** A text input field.
- Assign Matching Sessions to Voucher:** A checkbox, currently unchecked, highlighted with a yellow background.
- To Management:** A button at the bottom left.
- Save and Edit Details:** A button at the bottom right.

Creating a Voucher

- * When you create a voucher, a recalculation will occur and attendances matching the criteria will be marked for billing.

Creating a Voucher

- * Anytime a new attendance is added to voucher details screen, a recalculation on the corresponding voucher is required in order to mark the attendance as ready for billing.
- * Click “Recalc”
- * New attendance is then automatically added to the voucher.
- * Click “Save”

Missing Attendance

Why Doesn't Attendance Appear on my Voucher?

- * There are several reasons why attendances are not available to be put on a voucher. On the Voucher Details Screen, attendances will not appear on the list of items to put on a voucher for the following reasons:
 - * **The attendance has been added or modified (matched, signed) since the voucher was created:**
 - * Try using “Recalc” to have system look for ready attendances.
 - * **The attendance is on an unmatched enrollment (no ESID):**
 - * Match to County Created enrollment and use “Recalc”.
 - * **The attendance is missing a Signed Date:**
 - * You will need to sign the attendance.
 - * **The attendance is on another Voucher:**
 - * If the other voucher has not been submitted you can remove it from that voucher.
 - * If the County denied that attendance on that other voucher, submit request to support@CPSEPortal.com to rebill for that ESID and date of service.
 - * **The rates have not yet been uploaded:**
 - * This can be checked by going to **Lookup -> Enrollment Lookup** and Select the School Year Session, County, Provider, and Enrollment Type.
 - * The column on the right that reads "Rates" will show if there is anything there other than \$0.

Items Not Ready to Bill

- * Another way to see why attendance doesn't appear on your voucher is to run an Items Not Ready to Bill Report.
- * Go to **Billing** -> **Items Not Ready To Be Billed**
- * This report will not show unmatched children or unmatched enrollments, but does show:
 - * Attendances missing signatures
 - * Enrollment was rescinded
 - * Attendances outside of enrollment dates

Items Not Ready to Bill

- * Complete filters needed to sort attendances by provider, month or enrollment type.
- * You will need to choose the county, as this report will sort attendances by the county and will not combine counties together.

 - * Attendances Outside of Enrollment Dates
 - * Unmatched Child / Unmatched Enrollment
 - * Rescinded

Therapist, child, and mom completed session in basement playroom of home. Child was interested in showing therapist his toys and looking at items therapist brought together. Child appeared happy and talkative. He attended to activities and demands therapist placed on him. When navigating his environment he appeared clumsy and hyperactive often transitioning into different sitting positions while engaging in games. Christian was able to open and close small twist top containers and place beans into the the containers with a pincer grasp. He placed 5 fingers onto a pencil and demonstrated improved tripod grasp when therapist facilitated position. Utilized gross arm movements when coloring in a large picture. He often switched between 5 finger grasp and less mature grasp patterns independently when writing. With verbal prompts, Christian was able to assume a more mature grasp. Christian drew a person with a head, face, and 2 legs. Therapist prompted for drawing body.</p> <p>Progress: Progress</p> <p>Parent Present: Observe Session</p> <p>Parent Communication: Face-To-Face</p> <p>Goals: The student will correctly hold a pencil or pen and maintain adequate pressure during writing tasks for 30 seconds. Attendance Denied by County?

How to Correct and Re-Bill

- * You **MUST** confirm that the attendances have been denied by the county, and that you understand the removal is permanent.
- * If a provider makes a mistake and submits the erroneous data on a voucher, the County may choose to deny payment for certain dates of service.
- * If this occurs, and the provider would like to attempt to correct the data and resubmit on a new voucher, the process is as follows:
 - * The denied attendance needs to be removed from the initial voucher. To do this, you must inform the CPSE Portal support team of the ESID and service dates that you would like removed. To do this, complete the below form and email it to **support@cpseportal.com**
 - * **RequestToHaveAttendanceRemovedFromSubmittedVouchers.xlsx**

How to Correct and Re-Bill

- * Once the attendance is no longer on a voucher:
 - * If you need to modify the treatment log:
 - * Since the attendance has already been digitally signed attesting to the fact that everything was reviewed and correct, you must first unsign the attendance and indicate why you need to modify the signed treatment log. Here are instructions for unsigning attendance: <http://support.cpseportal.com/kb/a33/unsigned-attendance.aspx>
 - * Once the attendance entry has been unsigned, it can now be modified.
 - * The modified attendance entry needs to be **resigned**.
 - * If the attendance needs to be moved to a different ESID because the original enrollment dates changed, was rescinded or attendance was entered on the wrong enrollment, here are the instructions:
 - * <http://support.cpseportal.com/kb/a53/move-attendance-between-enrollments.aspx>
 - * The attendance can be added to a new voucher and submitted. If the attendance is not appearing, make sure you do a “**recalc**” on the voucher.

Billing Questions from Previous Webinars

Submitted Billing Questions

- * **Where do we get the form to request attendance removed?**
 - * *Below is the link to a knowledge base article that includes this form:*
<http://support.cpseportal.com/kb/a81/attendance-denied-how-to-remove-in-order-to-correct-and-re-bill.aspx?KBSearchID=17204>
- * **Do we create a rebill voucher or add it to the subsequent month's bill?**
 - * *Yes, you would need to create another voucher for any rebills.*
- * **For summer billing, should we bill for July and August separately, or can we submit one bill for the entire summer in August?**
 - * *The Portal will allow you to bill for 2 months together (just be sure to filter for the correct time period). This is County specific, please check with the County to see what the billing requirements are.*

Submitted Billing Questions

- * **Do we wait until the end of the month to start creating a voucher or can we add to the voucher for the month on a daily basis?**
 - * *We would recommend waiting until the end of the month, or you would have to do a “Recalc” each time a change is made to the voucher.*
- * **Can services be billed on an unmatched record?**
 - * *No, you cannot bill on an unmatched record. The agency or Independent Provider should check for any potential matches frequently in order to bill at the end of the month.*

Submitted Billing Questions

- * **If I am an individual contractor, do I need to send 2 vouchers? I am currently seeing them at home for the summer.**
 - * *No, all summer services can be added to a single voucher. An Independent service provider will never have a CB or CBRS voucher as only an Agency is approved to run classrooms.*
- * **How are you notified if an attendance is denied?**
 - * *The County will notify you.*

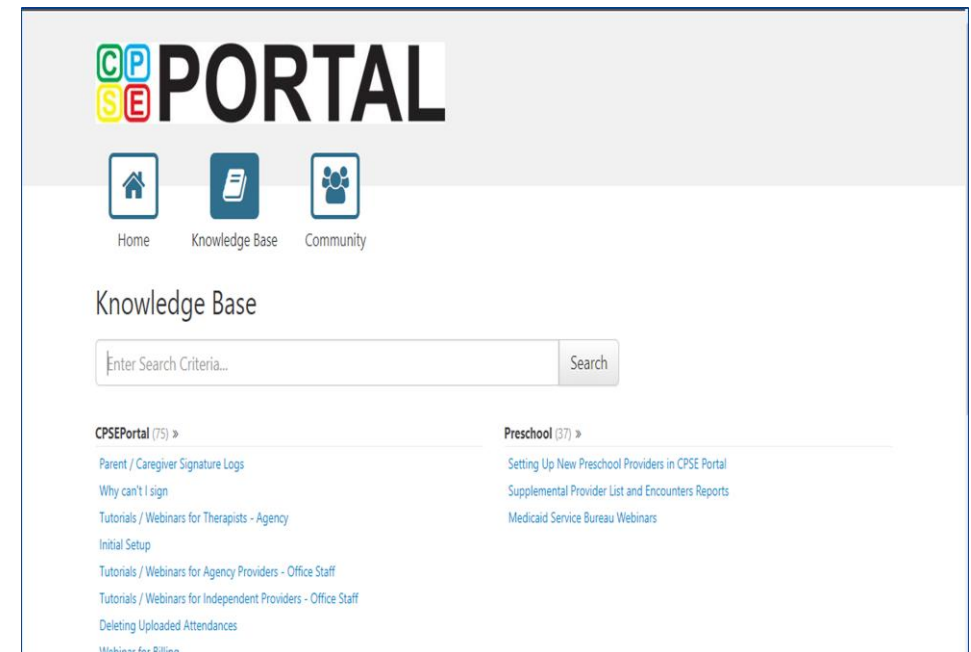

Closing

Important Note

- * You **cannot** bill on Unmatched Enrollments. Therefore, you should be matching your children, and unmatched enrollments throughout the week.
