

# Welcome to CPSE Portal Introduction Kick-Off and Initial Setup

# What Is The CPSE Portal

# CPSE Portal

- \* CPSE Portal is a web based system that provides a mechanism for exchanging data between the County and its providers.
- \* One component of this system is capturing session notes / treatment logs for provided services.

# Features

- \* What will functionality County vendors utilize?
  - \* Recording service providers and their credentials (NPI, license, etc.)
  - \* Entering Treatment logs for:
    - \* SEIT services
    - \* Related Services including both fee for service as well as services provided as part an approved center based preschool program
  - \* Entering attendance (Present/Absent) for children attending a Center Based preschool program.
  - \* Generating electronic bills to the county for SEIT, Related Services and Center Based Tuition billing.

# Three Types Of Provider Users

- \* **Agency Administrators:**

- \* These individuals work for an agency.
- \* They perform tasks as a vendor related to billing.
- \* They also perform caseload management tasks such as assigning therapist to children, assigning children to classrooms (for center based children).

- \* **Agency Service Providers:**

- \* These individuals work for an agency as a therapist.
- \* Their role is entering and signing session notes.

- \* **Independent Providers:**

- \* They are a service provider that performs the same tasks as an agency service provider.
- \* They are a vendor that contracts directly the county and thus also has the role of billing administrator.

# How Do Users Get Logins

- \* The process is done by “invitations”.
- \* An invitation is created to invite the individual to create a login for an agency.
- \* The individual uses this invitation to create a username and password to the system.
  - \* This process will be covered at the end of the webinar.
- \* For Agencies: the County will create an initial invitation for an administrator. That administrator will then invite additional users for their agency.
- \* The County will also create an initial invitation for the Independent Provider.
- \* If you are already using CPSE Portal for another County, that same username will be used.

# Process Overview - Independent Providers

- \* County uploads list of children and their services (enrollments).
- \* Provider enters session notes / treatment logs for the enrollments.
- \* The provider digitally signs the session notes / treatment logs.
- \* Billing Provider bundles signed entries into an electronic voucher.
- \* Billing Provider digitally signs and submits electronic voucher to County.

# Process Overview – Agency SEIT / Related Service Providers

- \* County uploads list of children and their services (enrollments).
- \* Agency administrator assigns the children's services to a SEIT / therapist.
- \* The SEIT / therapist enters session notes / treatment logs for the enrollments.
- \* The SEIT / therapist digitally signs the session notes / treatment logs.
- \* Agency administrator bundles signed entries into an electronic voucher.
- \* Agency administrator digitally signs and submits electronic voucher to County.

# Process Overview – Approved 4410 Preschool Center Based Program

- \* County uploads list of Center Based children and their included related services (CB and CBRS enrollments).
- \* Agency administrator assigns children to various classrooms.
- \* Agency administrator assigns the children's included related services to therapist.
- \* An agency administrator or classroom teacher records children's classroom attendance (present / absent / closed).
- \* The therapist enters session notes / treatment logs for the CBRS enrollments.
- \* The therapist digitally signs the session notes / treatment logs.

# Process Overview – Approved 4410 Preschool Center Based Program

- \* An agency administrator or classroom teacher digitally signs a monthly attendance log for the classroom.
- \* Agency administrator creates an electronic voucher for all Center Based children.
- \* Agency administrator creates a zero dollar electronic voucher for all Center Based children's corresponding included services (CBRS).
- \* Agency administrator digitally signs and submits electronic vouchers to County.

# Training Webinars

- \* Over the next few months we will be holding training webinars on various topics.
- \* In order to maximize relevancy, the timing of the webinars will correspond to the stage of the implementation. For example, we won't be training on how to create a billing voucher in May, since that won't be used until August.
- \* Each webinar will have a different target audience such as:
  - \* Independent Provider
  - \* Agency Service Providers
  - \* Agency Service Providers and Independent Providers
  - \* Agency Administrators
  - \* Center Based Agency Administrators
  - \* Agency Administrators and Independent Providers
