Questions & Answers

| Q | Does the system prevent you from entering the incorrect digital speech recommendation? |
|---|---|
| Α | No. If you created an incorrect digital recommendation because you were on the incorrect line in the Prescriptions for Caseload grid, you |
| | would just go to the link for the correct child and re-create the digital recommendation for the correct child. |
| | |
| Q | If the SLP is servicing a student in the 2023-24 school year and will be servicing the child again in the 2024-25 school year, or has completed |
| | the child's evaluation, can the digital recommendation be completed prior to the first 2024-25 session with the child? |
| Α | Yes. |
| | |
| Q | For Jefferson County: Do we need to complete a digital order for calendar year children that we have already been servicing (all year) with a paper prescription? |
| Α | No. You can wait until the actual 2024-25 (enrollment) prescription should be uploaded and complete the digital recommendation at that |
| | time. |
