Creating Vouchers

What is an ESID

- * ESID is the abbreviation for Electronic Service ID number. It is the number that identifies the child and the child's particular enrollment in the Portal.
- * The CPSE Portal gives each County created enrollment a unique identifier called the ESID. This is how we reference enrollments.
- * In order to be in compliance with HIPAA you should reference all preschool children by their ESID #, not their name. If you need to contact the help desk, you should **ALWAYS** reference the child's ESID #, and **NOT** the child's name.

Voucher Terminology

* **Create Voucher:**

- * The first step in creating a voucher is to enter its important information, including specifying the billing criteria that the voucher will contain (which county, enrollment type, and school year session).

* **Voucher Info:**

- * Clicking the "Info" button will bring up the same screen as the "Create Voucher" button, but with the voucher's information pre-entered for you allowing you to edit some information.

* **Voucher Details:**

- * This screen is used to add new monthly billing items (and their corresponding attendances) to a voucher, you use this screen. On the left are monthly items that are ready for billing, but not on any voucher yet. On the right are monthly items currently on this voucher. Note: Attendances won't be shown in the "Unassigned" grid until they are signed or co-signed, if applicable. Check which items you would like to move, then click either "Assign" or "Unassign", depending on what action you would like to take. The "Amount Billed" will update accordingly. These changes do not take effect until you click "Save".

* **Recalculation:**

- * This screen introduces a concept known as recalculation of billing items. You can recalculate pending vouchers individually, or all of them at once. The recalculation process determines monthly billing amounts for any enrollments that match the criteria for the voucher contents. These billing items are summarized to a single item for the month. NOTE: Attendances must go through the recalculation and summarizing in order to be added to vouchers. It will also add any new attendances to a voucher if the enrollment month is already on the voucher.

Creating a Voucher

- * When ready to bill, you will need to create your voucher.
- * Go to **Billing -> Voucher Management**
- * Click “*Create Voucher*”

Creating a Voucher

- * Anytime a new attendance is added to voucher details screen, a recalculation on the corresponding voucher is required in order to mark the attendance as ready for billing.
- * Click “Recalc”
- * New attendance is then automatically added to the voucher.
- * Click “Save”

Missing Attendance

Why Doesn't Attendance Appear on my Voucher?

- * There are several reasons why attendances are not available to be put on a voucher. On the Voucher Details Screen, attendances will not appear on the list of items to put on a voucher for the following reasons:
 - * **The attendance has been added or modified (matched, signed) since the voucher was created:**
 - * Try using “Recalc” to have system look for ready attendances.
 - * **The attendance is on an unmatched enrollment (no ESID):**
 - * Match to County Created enrollment and use “Recalc”.
 - * **The attendance is missing a Signed Date:**
 - * You will need to sign the attendance.
 - * **The attendance is on another Voucher:**
 - * If the other voucher has not been submitted you can remove it from that voucher.
 - * If the County denied that attendance on that other voucher, submit request to support@CPSEPortal.com to rebill for that ESID and date of service.
 - * **The rates have not yet been uploaded:**
 - * This can be checked by going to **Lookup -> Enrollment Lookup** and Select the School Year Session, County, Provider, and Enrollment Type.
 - * The column on the right that reads "Rates" will show if there is anything there other than \$0.

Items Not Ready to Bill

- * Another way to see why attendance doesn't appear on your voucher is to run an Items Not Ready to Bill Report.
- * Go to **Billing** -> **Items Not Ready To Be Billed**
- * This report will not show unmatched children or unmatched enrollments, but does show:
 - * Attendances missing signatures
 - * Enrollment was rescinded
 - * Attendances outside of enrollment dates

Items Not Ready to Bill

- * Complete filters needed to sort attendances by provider, month or enrollment type.
- * You will need to choose the county, as this report will sort attendances by the county and will not combine counties together.

Attendance Denied by County?

How to Correct and Re-Bill

- * You **MUST** confirm that the attendances have been denied by the county, and that you understand the removal is permanent.
- * If a provider makes a mistake and submits the erroneous data on a voucher, the County may choose to deny payment for certain dates of service.
- * If this occurs, and the provider would like to attempt to correct the data and resubmit on a new voucher, the process is as follows:
 - * The denied attendance needs to be removed from the initial voucher. To do this, you must inform the CPSE Portal support team of the ESID and service dates that you would like removed. To do this, complete the below form and email it to **support@cpseportal.com**
 - * **RequestToHaveAttendanceRemovedFromSubmittedVouchers.xlsx**

How to Correct and Re-Bill

How to Correct and Re-Bill

- * Once the attendance is no longer on a voucher:
 - * If you need to modify the treatment log:
 - * Since the attendance has already been digitally signed attesting to the fact that everything was reviewed and correct, you must first unsign the attendance and indicate why you need to modify the signed treatment log. Here are instructions for unsigning attendance: <http://support.cpseportal.com/kb/a33/unsigned-attendance.aspx>
 - * Once the attendance entry has been unsigned, it can now be modified.
 - * The modified attendance entry needs to be **resigned**.
 - * If the attendance needs to be moved to a different ESID because the original enrollment dates changed, was rescinded or attendance was entered on the wrong enrollment, here are the instructions:
 - * <http://support.cpseportal.com/kb/a53/move-attendance-between-enrollments.aspx>
 - * The attendance can be added to a new voucher and submitted. If the attendance is not appearing, make sure you do a **“recalc”** on the voucher.
