

Onondaga eSTACs Entering STAC-1 Center Based & Center Based Related Services

May 11th & May 13, 2022

Questions & Answers

Topic/Category	
TRANSPORTATION	
Q	Can you submit IEP information without the transportation?
A	NO, but you can mark the check box "The IEP does not authorize reimbursement for transportation". If the child receives transportation later on, you can Amend the transportation and choose the parent or bus if needed.
Q	Can you put both bus and parent transport on the transportation tab?
A	YES
MEDICAID CONSENTS	
Q	Is there a Medicaid Consent template in the Portal?
A	YES. Under the child in eSTACs, there is a Forms tab next to the Documents tab. The Forms tab contain generic forms that will populate with the child's name preprinted on them.
Q	If a child changes school districts but is still in the county, does the new district need to get a new Medicaid form signed or is the original one from the initial evaluation still valid?
A	YES. The new SD will need to obtain a new signed Medicaid Consent form, unless the current Medicaid Consent form is on a County Medicaid Consent form. That form can be universal from one SD to another.
Q	If there was a Medicaid Consent uploaded with an evaluation, does the system require the district to upload it again with the STAC-1?
A	NO. The Medicaid Consent form will only need to be uploaded once into eSTACs.
Q	Do you require a Medicaid Consent form each year?
A	NO. Once the Medicaid Consent form is uploaded it will be attached to the child every year.
1:1 AIDE	
Q	When ending a CB placement due to adding 1:1 do you end all RS services or just CB?
A	You will end all CB along with CBRS & transportation.
Q	There is a new 1:1 Aide form and the form says the 1:1 aide form is not required for partial 1:1 which is all of the students in our program.
