Questions & Answers

	What artise days are idealous if the connect abtain an autota disconnectivities?					
Q	What option does a provider have if they cannot obtain an outstanding prescription?					
A 	The session note can be marked as a missed session due to not having a script or the session note can be marked as "Not Medicaid Eligible" if the service is provided without a prescription (For example, As per SED OT can be provided without a prescription). The county will expect all Medicaid related service providers to make a concerted effort to obtain a Medicaid prescription even for a service that does not require a prescription for treatment purposes.					
Q	Does a CBRS voucher need to be submitted for <i>all provided services</i> for each child at the same time as the monthly tuition voucher?					
A	McGuinness recommends submitting any <i>billable</i> CBRS as soon as possible in order to submit billing contemporaneously. If you need to leave some children off the voucher while you make corrections, upload prescriptions, or verify credentials, you can submit a subsequent voucher that includes the remaining CBRS billing for the month. Once all of your monthly CBRS billing has been submitted to the county, you can submit the tuition voucher.					
Q	Under the Supervision Of (USO) requirements do not require documentation that shows that the therapist has met with the child at the beginning of the IEP period and thereafter. Why are you expecting a Face-to-Face date for Psychological Counseling services?					
Α	The Supervision Webinar (that we will be delivering on January 23, 2023) will go over all of the requirements for both UDO and USO.
