Questions & Answers

Q	Does the term of service portion of the script always have to be July 1 through June 30 regardless of the actual start and end date of the IEP?
Α	The term of service that is entered on the prescription template can encompass the <u>entire</u> school year even if the service dates on the IEP
	fall within the designated dates. The prescription can cover a larger span of time than the IEP. The third option for entering the term of
	service dates allows the provider to enter specific dates. For Medicaid purposes, using the full year option is the best option.
	service dates allows the provider to effect specific dates. For inedicala parposes, using the rail year option is the best option.
